

## Mid-to-Senior Level Front End Developer

Shoreditch, London, Great Britain

### Job Summary

We are looking for a talented and highly motivated mid-to-senior level developer to join our team at Collab Advisor. You will be part of a dynamic and enthusiastic technical team comprising of both developers and 3D specialists.

You will work alongside other members of the team in developing new and exciting secure full responsive applications, driving forward the company's own product portfolio. You will take part in discussions over architecture, make decisions on the direction of development and bring your own experience and skills to improve and maintain an ever-growing array of projects.

### About You

You will be happy to work as part of a group when developing projects and services. You will be proactive, happy to get your hands dirty when needed, but always ensuring that the work you produce is to the highest standards in tight deadlines. You will mentor and guide other team members, as well as being happy that you may not always be right in everything you do, and accepting constructive criticism from others. Last but not least, you will be enthusiastic and motivated, with a keen interest in technology, and keeping up with the latest trends and design patterns.

### About our Technology

Our new Application that we have built for one of the largest global companies has come out of beta and is now growing rapidly. Our current stack includes a wide range of .NET technologies including [ASP.NET](#) MVC, Web forms and Web API 2, as well as using SQL Server.

### Key Skills and Experience Required

Some things that will help you get through the door to come and chat to us:

- .NET 4.0+ including MVC 5 and Web API
- Knowledge of MS SQL Server 2012+ including creating roles, stored procedures, functions, a minimum of 3 years is required
- Setting up firewalls and IIS
- TDD and experience with CI
- Visual Studio 2017
- Good analytical and problem-solving skills
- Front-end Experience,
  - React - at least 3 year's experience
  - Angular - at least 3 year's experience
  - Node - at least 5 year's experience

- Expert is SCSS / LESS
- JQuery 10+ year's experience
- Ember, Backbone would be advantageous

### **Diversity and Inclusion**

Collab Advisor Ltd is an equal opportunities employer. We embrace diversity and are committed to a working environment where no one will be treated less favourably on grounds of their sex, race, disability, sexual orientation, religion, belief or age
